

## DIGITAL INK | VE33

color matched for ROLAND eco solvent printers

### Ink Characteristics:

TULIP VE33 ink is a high performance eco solvent based pigment ink specially designed to provide virtually identical color match with OEM ROLAND Eco Sol Max and Eco Ultra inks. Switching from OEM to TULIP VE33 inks is very easy with no requirement to perform color profiling or even any flushing. VE33 inks can simply be used as a complete set directly in place of the OEM inks. VE33 inks also feature low odor, excellent outdoor durability and adhesion / scratch resistance on a wide variety of print materials.

### Outdoor durability:

- up to 2 years – without lamination
- Shelf Life: 1 year from manufacturing date, under proper storage conditions (see product packaging for details)

### Solution Options:

TULIP Cartridges of 440ml  
TULIP Continuous Ink Delivery System [CIDS]  
TULIP Bottles of 1000ml for use with TULIP Continuous Ink Delivery System [CIDS]

### Tulip Cartridges:

- Plug and play, no re-profiling required
- 100% OEM-cartridge compatible
- Convenient and cost-effective

### Tulip CIDS Kits:

- Easy-to-use refill systems with big savings over costly OEM cartridges
- Easy to install – no specialist knowledge or tools required
- No permanent modification to the printer
